Nonprofit Organizations

Jersey Cares YWD interns drive social change through in well-managed projects that serve your organization's mission. These internships help to prepare, educate and coach students on some of the key elements of career success.

The YWD Program offers nonprofits a unique opportunity to build capacity within their organization, through an internship component and projects that:

- Strengthen and leverage community assets
- Meet community-identified needs
- Close the skills gap
- Provide access to a diverse pipeline of qualified candidates

Business Partners

The Jersey Cares YWD Program connects business partners to individuals who are the next generation workforce in our communities. Business partners, who support the YWD Program, provide employees an opportunity to make a difference in their communities.

Employees do this by delivering the professional development workshop training and building mentor relationships, that just might last a lifetime. Professional development training areas include:

- Communication / Presentation
- Financial Literacy
- Interviewing
- Leadership
- Management / Learning to Lead
- Project Management
- Resume Building & Writing / LinkedIn
- Virtual Workplace
- Work Life Balance
